MEET & BEAT YOUR END OF YEAR TARGETS

Muckross Park Hotel & Spa can help you with that should you choose to book your corporate meeting or team building event with us by offering your delegates a complimentary place on our de-stress programme.

The hotel is situated in the naturally invigorating location of Killarney National Park. We run a de-stress programme for busy corporate clients. The de-stress programme allows individuals to really take some time out of their busy schedules.

THE DE-STRESS PROGRAMME

A 30 MINUTE MINDFULNESS SESSION

In the current climate professionals complain about stress and also because technology is such a huge part of our work and leisure time there is little demarcation between downtime and work time. Mindfulness has been found to help individuals live in the present moment and experience life fully and those already practising mindfulness have experienced an increase in motivation because they feel how good it is not to get caught up in thoughts all the time.

A 30 MINUTE RELAXATION TIME

Let your worries and stresses fade away in the balmy waters of our Vitality pool and enjoy pure escapism in the outdoor hot tub. Awaken your senses with aromatic essences in our Herbal Sauna and seek relief from muscular pains in our Steam room. Stretch out on our hot stone loungers and take some time for you.

A 30 MINUTE SPA TREATMENT

Our professional team in the Spa will encourage relaxation while you enjoy a treatment of your choice such as an Indian Head Massage or a Back Neck & Shoulder massage.

This programme will leave your delegates feeling re-vitalised, invigorated and motivated to achieve their full potential and grateful they are on your Team!
